

BALDWIN LEE

I am Baldwin Lee and I proudly hold the position of an Area Manager in Home Lending at Chase. Throughout my 20 plus year journey with this esteemed organization, I have been fortunate enough to undertake a multitude of roles. Starting as a Personal Banker, I progressed to become a Small Business Specialist, Assistant Branch Manager, Branch Manager, and currently, I am a Lending Manager.

Throughout these years, my leadership has consistently elevated branches under my guidance to achieve top rankings in the county. Moreover, I have dedicated myself to mentoring numerous colleagues, empowering them to reach new heights in their careers. As an Area Manager, I have the privilege of leading a team of Home Lending advisors in Manhattan, responsible for overseeing home lending operations across more than 30 branches.

In addition to my responsibilities at Chase, I have also had the honor of serving as the President for AREAA NY East (Asian Real Estate Association of America). Within this organization, our collective focus is on promoting sustainable housing solutions for the AAPI community, a cause that resonates deeply with me.
